

## Aaron K. Martinez – PE, PLS

### Owner / Principal Engineer

[AARON@AM.ENGINEERING](mailto:AARON@AM.ENGINEERING)

**PROJECT ROLE:** Team Leader, Plan Review Specialist, Design Engineer, Contract Compliance, Construction Manager and Special Inspector

A licensed professional, with unique design & construction expertise, bringing to the table excellent technical and leadership skills. Aaron is a Professional Engineer with 21 years of design & construction experience within the Public Works & Private industry. From land use studies and master planning to design services and construction management. Aaron has successfully performed all project roles on large-scale, high-profile projects throughout his career. Working in the Western US, Aaron understands the necessity to ensure every project provides economic growth for the community, by way of carefully planned infrastructure. Through his experience in the public works Industry, he further understands the need for cost effective design solutions that meet the target budget. Aaron has experience assisting clients through all stages of the project process. With that expertise, he has developed **A.M. Engineering** into being a Full-Service Engineering Firm, offering **a single source of project responsibility**.

One of Aaron's earlier honors came from being named by the American Society of Civil Engineers the **2015 New Face of Engineering** which recognized him as one of the Top Ten Civil Engineers in the NATION! Aaron has also been nominated for the Young Professional of the Year Award hosted by the National Society of Professional Engineers and was featured in Nevada Business Weekly, September edition. Aaron has a long track record of designing and managing complicated, time intensive projects. In 2020, **A.M. Engineering** successfully designed, permitted, and managed the largest waterline project in Lander County history, spanning over several miles of mainline infrastructure to support Aviation operations. In 2012 Aaron designed and managed an award winning \$3.4 million Airport project, constructed with 80 personnel in a 21 day operation window! Another accomplishment came from his design of a \$114 million Planned Unit Development project, offering 360 Homes & 145 acres of commercial property.

Aaron has a widespread background in working with regulatory agencies throughout the state of Nevada and Federal Government. Working as a County Engineer, he assists Governments in managing infrastructure portfolios efficiently, monitoring that infrastructures integrity, along with life cycle management. He has successfully designed, permitted and managed projects for/through the FAA, the Federal Government (Nevada Air National Guard, Nevada Army National Guard), EPA, Bureau of Indian Affairs (BIA), NDOT, DHS, NDWR, NDEP (BWPC, BSDW, BAPC), NDF, BLM, Tahoe Regional Planning Agency (TRPA), Tahoe Transportation District, Lander County, Elko County, Eureka County, Washoe County, Esmeralda County, Douglas County, City of Carlin, City of Elko, Carson City, RTC, City of South Lake Tahoe, City of Reno, City of Sparks and various private entities. Aaron has managed over 85% of his design projects into the construction phase as the Construction Manager / Engineer or Record.

## ENGINEERING

### EDUCATION

Bachelor of Science in Civil Engineering  
University of Nevada Reno

Bachelor of Science in Land Surveying

Bachelor of Science in Geomatics

Elko High School Graduate

### PROFESSIONAL DATA

Professional Engineer  
Multi-State — 21636

Professional Land Surveyor  
Multi-State — 21636
